NOTE

I have been getting numerous comments about how hard it is to get reports turned on time according to the National By-laws. Some are just ignoring them or saying that they were all set up for old, retired guys. The National By-laws have evolved over the past 125 years. Instead of complaining please come up with a suggestion in the form of a resolution to be submitted to the National Convention to correct the problem. We are all volunteers and those are the requirements for that position. By doing your job, Those above you are able to do theirs on time.
